ABOUT ME:

Disciplined and highly motivated United States Marine Corps veteran. Programming skills in HTML5, CSS3, JavaScript, Node.js, and React.js.

SOFTWARE ENGINEER:

Scrum Master at World Shipping (remote)   January 2023 – present
Web Developer at World Shipping (remote)   August 2022 – present

Software Engineer at AtomRain (remote)   May 2020 - July 2022
- Building polished frontend designs of the GraphGrid application with React
- Advanced level of Git version control
- Controlling the flow of dynamic data using various HTTP requests
- Testing React components with Jest, React Testing-Library Enzyme and Chai assertion libraries
- Exceptional ability to communicate with team members

As a Software Engineer my responsibilities include delivering high-quality software, design products. Languages and supporting tech stack used daily consist of JavaScript, React and Node.js.

Instructor at Nucamp (remote)   Nov 2021 - Present
- Teaching Web Fundamentals on HTML, CSS and JavaScript on weekends with a 5-star rating.

EDUCATION:

24-week Full Stack Web Developer Bootcamp at CWRU   Oct 2019 - May 2020

SKILL-DEMONSTRATION PROJECTS:

- **Password Generator:** Developed random ten-character password generation app using HTML5, CSS3, and JavaScript ES6.
  https://chrishelm82.github.io/Password-Generator/https://github.com/chrishelm82/Password-Generator
- **React Employee Directory:** Designed employee directory contact sorting and filtering program using HTML5, CSS3, JavaScript ES6, and React.js.
